WHERE LIGHT MEETS WATER IN ELEGANT HARMONY

INNOVATIVE DESIGN STUDIO INTRODUCES SALANSKY'S VLTAVA

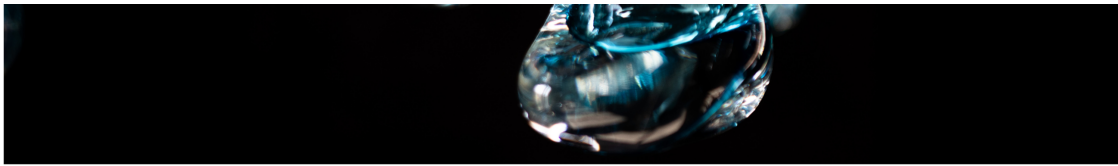

Explore groundbreaking innovation in lighting design at Innovative Design Studio (IDS). As curators of the finest luminaires from around the world, we concentrate on the convergence where installations transcend mere functionality and transform into art. One exceptional creation that embodies this philosophy is the Vltava

pendant light from our partner brand, Salansky.

Drawing inspiration from the mesmerizing nature of water, Vltava is a modular installation that redefines elegance. Hand-blown hollow crystal glass drops, suspended from segmented chains, mirror the delicate essence of raindrops frozen in time. This artful piece gracefully weaves through any space, capturing the quiet yet powerful beauty of water.
