Daphine by IDS by Innovative Design Group

2 MINS READ

IDS by Innovative Design Group epitomizes luxury lighting by seamlessly blending op with cutting-edge innovation. Demonstrating an exceptional grasp of lighting design, introduces the iconic Daphine lamp by Lumina to the Indian market. Renowned for its timeless elegance and unmatched functionality, the Daphine lamp stands as a testament superior Italian craftsmanship and design ingenuity.

Cobots with Cockpit Function

Autobots Inc

Project Name: Daphine

Studio Name: IDS by Innovative Design Group

©IDS by Innovative Design Group

First envisioned in 1975 by the inventive mechanical engineer Tommaso Cimini, the Daphine lamp has emerged as a symbol of sophistication and versatility. Its innovative design incorporates a pivoting diffuser, an articulated arm, and an electromechanical transformer, perfectly embodying Lumina's ethos of "Lots of light, not much lamp."

©IDS by Innovative Design Group

With a sleek and minimalist aesthetic, the Daphine lamp seamlessly complements a variety of interior environments, from modern office spaces to contemporary homes. Its adaptability makes it an ideal choice for multiple applications, including reading desk display counters, and ambient lighting in hospitality settings.
