

FROM TOP LEFT The More Collection by Catellani & Smith for IDS with an enchanting glow, is crafted for the outdoors; Shadow by Catellani & Smith for IDS is a metal masterpiece suspended in the void, animated by the soft embrace of LED light; With the More outdoor lighting collection by Enzo Catellani prepare to dazzle and astonish

## IN NEW LIGHT REFLECTIONS OF VERSATILITY

*Let's make this season truly magical, one  
**Innovative** Lighting Design idea at a time*

TEXT BY RAJLAKSHMI DASTIDAR

We're here to share secrets, ideas and inspirations for making this season the brightest and most unforgettable one yet with **Innovative** Design Studio (IDS) who have partnered with brands such as Brokis, Catellani & Smith, Folio, Axolight, Elite Bohemia, Multiforme, Lumina, Lobmeyr, Beau&Bien, Salansky, Martinelli Luce and Lorenzon to bring the finest decorative and architectural lighting.

It is here that Enzo Catellani's vision takes centre stage with More, a collection of outdoor lights. It recreates the same warmth and atmosphere as indoor lights while withstanding the elements and hand-shaped glass adds an element of wonder. In the midst of all this creativity and light, a simple yet profound piece called Shadow by the said brand, is a piece of metal cloth suspended in space, illuminated by an LED glow. Darkness surrounds the shadow, but it's the sheer simplicity that speaks volumes, reminding us that even in the darkest of times, a touch of light could make all the difference. Head to their experience centres at Okhla for an illuminating experience! ♦
